Save money.

- Earn an installation credit up to **\$50**
- Save about **10%** a year on your heating and cooling bills with your Energy Wise Rewards™ Web-programmable thermostat
- Help keep electricity prices stable

Go greener.

- Reduce carbon emissions that contribute to global warming
- Help avert the construction of new power plants
- Help meet the nation's energy and environmental challenges

Participation in the Energy Wise Rewards™ program is voluntary at no additional cost to you. Here's how it works:

Energy Wise Rewards works by cycling your central air conditioner over short intervals (conservation periods) on selected summer days. During normal cycling operation, your air conditioner compressor runs and rests in recurring intervals to maintain your ideal room temperature.
