

Call 8-1-1 Before You Dig.

Stay Safe. Dig Smart.

Call 8-1-1 before you dig, for a smart start to your project. Or visit nj1-call.org to learn more.

**Know what's below.
Call before you dig.**

An Exelon Company

It's not just a good idea – it's the law.

You probably live and work around a variety of utility lines and equipment buried just a few feet underground. Before beginning any project involving digging, call **8-1-1** to have underground lines marked for free.

Once marked, you can complete your project with less risk of injury, disruption of service or large fines and repair costs. Every digging or construction project requires a call to **8-1-1** at least three business days before work begins.
