ATLANTIC CITY ELECTRIC COMPANY**

**IN THE MATTER OF THE PETITION OF ATLANTIC CITY ELECTRIC COMPANY
REGARDING THE INITIAL SETTING OF THE REGIONAL GREENHOUSE GAS
INITIATIVE RECOVERY CHARGE ASSOCIATED WITH THE NEW JERSEY
SUCCESSOR SOLAR INCENTIVE (“SuSI”) PROGRAM**

**Notice of a Filing and Notice of Public Hearings
BPU Docket No. ER21121236
(Filed December 1, 2021)**

PLEASE TAKE NOTICE that, on December 1, 2021, Atlantic City Electric Company (“ACE” or “Company”) filed a petition with the New Jersey Board of Public Utilities (“Board”) seeking approval of an initial Rider Regional Greenhouse Gas Initiative (“RGGI”) charge to recover the costs for the establishment of its initial annual Rider RGGI Successor Solar Incentive (“SuSI Program”) (“Petition”). The Company submitted the Petition pursuant to the Board’s Order in BPU Docket No. QO20020184, dated July 28, 2021 (“SuSI Order”), and in furtherance of the State’s objective to continue the development of solar energy projects throughout New Jersey. The SuSI Program is a statewide program which provides incentives to solar developers in the form of Solar Renewable Energy Certificate-IIs (“SREC-IIs”). The SuSI Order requires ACE and other New Jersey electric distribution companies to acquire SREC-IIs at prices set by the Board through a joint program administrator and allows the companies to recover their respective shares of the cost of acquiring SREC-IIs and the SREC-II program administrator’s fees. The Company is proposing an initial Rider RGGI Charge for the SuSI program of \$0.000379 (“SuSI charge”) per kilowatt hour (“kWh”), inclusive of New Jersey Sales and Use Tax. If approved by the Board, the SuSI charge will become effective on and after March 1, 2022 and will remain in effect until further modified by a Board Order.

Under the Company’s proposal, a typical residential electric customer using 680 kWh per month, would see an increase in their monthly bill from \$138.92 to \$139.18, or \$0.26 or approximately 0.19%.

The effect of the proposed changes on typical electric residential monthly bills, if approved by the Board, is illustrated below in Table 1.

The percentage increases noted above and in Table 1 below are based upon a comparison with overall rates in effect as of November 1, 2021. Any rate adjustments with resulting changes in bill impacts found by the Board to be just and reasonable as the result of the Company’s Petition may be modified and/or allocated by the Board in accordance with the provisions of N.J.S.A. 48:2-21 and for other good and legally sufficient reasons to any class or classes of customers of the Company. Therefore, the described charges may increase or decrease based upon the Board’s decision.

The Company’s Petition is available for review online at the ACE website at www.atlanticcityelectric.com/PublicPostings.
